The Honorable Board of Supervisors and  
The Sacramento County Treasury Oversight Committee  
County of Sacramento, California

We have audited the County of Sacramento (County) Non-Pooled Investment Funds (Fund) for the quarter ended December 31, 2025.

Our audit was conducted to verify the Fund's compliance as described below for the quarter ended December 31, 2025, and to verify whether the Department of Finance, Treasury Division (Treasury) and Investment Division (Investment) have adequate internal controls to ensure the Fund's compliance with their bond resolutions, bond indentures, or by the bond insurers (governing bond documents), and applicable laws and regulations.

Non-Pooled Investments primarily consist of investments purchased with proceeds from Mello Roos Bonds (MR), Revenue Bonds (REV), General Obligation Bonds (GO), Assessment District Bonds (AD), Community Facilities District Bonds (CFD), and Certificates of Participation Notes (COPs).

Most of the bond investments are limited to those authorized by California Government Code Section 53601 et seq. Any other authorized investments are indicated in the governing bond documents.

Management is responsible for the design, implementation, and maintenance of effective internal controls to ensure compliance with the bond documents.

The scope of our audit includes all non-pooled investments for the quarter ended December 31, 2025.

The audit methodology utilized to conduct the performance audit included:

Interview:

- We interviewed various Treasury and Investment staff to gain an understanding of policies, procedures, and processes for verifying the Fund's compliance with governing bond documents, and applicable laws and regulations.

Document Review:

- We reviewed the organization chart and written documentation to understand the relevant policies, procedures, and processes and to identify any internal control weaknesses, conflicts of interest, or inadequate segregation of duties.

Process Walkthrough and Internal Controls:

- We had Treasury and Investment staff walk us through step-by-step processes related to the daily activities of the Fund. We identified key internal controls over investment activities and investment accounting and tested those controls to determine whether those controls are designed effectively and are operating as intended to mitigate any risks and ensure compliance with the governing bond documents.

Testing:

- We verified the SymPro non-pooled investment balances agreed with the custodian statements and County's Financial System (COMPASS).
- We selected 12 out of a total of 46 non-pooled bond proceed funds, which represent over 25% of the total non-pooled investments based on outstanding issuances as of December 31, 2025 and tested for compliance with their governing bond documents. There were two new bonds issued during the period under audit. See ATT 1 – *Schedule of Sample Non-Pooled Investments*.

We conducted this performance audit in accordance with *Generally Accepted Government Auditing Standards* (GAGAS) issued by the Comptroller General of the United States of America except for paragraph 3.56 regarding our independence as described in the below paragraph. Those standards require that we plan and perform the audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our objectives. We believe that the evidence obtained provides a reasonable basis for our findings and conclusions based on our audit objective.

As required by various statutes within the California Government Code, County Auditor-Controllers or Directors of Finance are mandated to perform certain accounting, auditing, and financial reporting functions. These activities, in themselves, necessarily impair GAGAS' independence standards. Specifically, auditors should not audit their own work or provide non-audit services in situations where the amounts or services involved are significant/material to the subject matter of the audit.

Although the Director of Finance is statutorily obligated to maintain the non-pooled investment in the County Treasury, the following safeguard and division of responsibility exist. The staff that has the responsibility to perform audits within the Auditor-Controller Division has no other responsibility regarding the internal control or compliance of the

Based on our audit, the Fund complied with governing bond documents, and applicable laws and regulations for the quarter ended December 31, 2025.
