Board of Directors
Tobacco Securitization Authority of Northern California
Sacramento, California

We have audited the financial statements of the Tobacco Securitization Authority of Northern California (Authority), a component unit of the County of Sacramento, California, as of and for the year ended June 30, 2021 and have issued our report thereon dated August 31, 2021. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated July 13, 2021 our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Authority solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, and our firm have complied with all relevant ethical requirements regarding independence.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Authority is included in Note 1 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2021. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments. The most sensitive accounting estimate affecting the financial statements was:

Management's estimate of the Tobacco Settlement Revenue (TSR) receivable is based on an estimate of cigarette sales for the first six months of the calendar year. We evaluated the key factors and assumptions used to develop the TSR receivable estimate and determined that they are reasonable in relation to the basic financial statements taken as a whole and in relation to the applicable opinion units.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the Authority's financial statements relate to:

The disclosure of Tobacco Settlement Rights in Note 4 to the financial statements, which describes that during the year ended June 30, 2002, the County of Sacramento (County) entered into a purchase and sales agreement with the Sacramento County Tobacco Securitization Corporation (Corporation) whereby the County sold its rights, title, and interest in, to, and under the Master Settlement Agreement (MSA) and the State Memorandum of Understanding (MOU) with all California counties and affected cities, to the Corporation in exchange for cash consideration of \$171,965,922. At the same time, the Corporation also entered into a loan agreement with the Authority to borrow funds necessary to purchase those rights from the County. In return, the Corporation is obligated to pay all TSRs it receives to the Authority. The obligation to the Authority is limited to the Corporation's interest in the tobacco settlement rights. During the year ended June 30, 2006, the Corporation borrowed an additional \$63,225,245 for a total of \$235,191,167. The unamortized TSRs at June 30, 2021 was \$181,328,457.

The disclosure of Contingencies and Concentration of Risk in Note 5 to the financial statements, which describes that the Authority's financial existence is contingent upon receiving the TSRs from the Corporation. The risk of non-collection of the TSRs is considered remote; however, no assurance can be given as to the timing of the collections of TSRs. No assurance can be given that actual cigarette consumption in the United States during the term of the Series 2021 Bonds will be as assumed, or that the other assumptions underlying the bond structuring assumptions, including certain adjustments and offsets will not apply to payments due under the MSA, will be consistent with future events. If actual events deviate from one or more of the assumptions underlying the bond structuring assumptions, the amount of TSRs available to make turbo redemption payments will be affected and the resulting weighted average lives of the turbo term bonds will vary. As a result, no assurance can be given that these structuring assumptions, upon which the projections of the Series 2021 Bonds turbo redemptions are based will be realized.

Difficulties Encountered during the Audit

We encountered no difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole and each applicable opinion unit. No such misstatements were detected as a result of our audit procedures.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Authority's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in the attached letter dated August 31, 2021.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with Authority, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, operating and regulatory conditions affecting the entity, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as Authority's auditors.

Other Information Included in Annual Reports

Pursuant to professional standards, our responsibility as auditors for other information, whether financial or nonfinancial, included in Authority's annual reports, does not extend beyond the information identified in the audit report, and we are not required to perform any procedures to corroborate such other information. However, in accordance with such standards, we have applied certain limited procedures to management's discussion and analysis and budgetary comparison information, which are required supplementary information (RSI) that supplement the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

Restriction on Use

This report is intended solely for the information and use of the Board of Directors and management of the Tobacco Securitization Authority of Northern California and is not intended to be and should not be used by anyone other than these specified parties.
